## Report of the 27<sup>th</sup> Session of the IALA Policy Advisory Panel (PAP27)

### 1 Introduction

The 27<sup>th</sup> session of the **Policy Advisory Panel** was held between 27 and 28 March 2014, at IALA with Gary Prosser in the Chair. The Secretary for the meeting was Seamus Doyle.

This was an extraordinary meeting of the PAP with the objective to consider IALA documentation policy, using a workshop format. This will enable preparation of an IALA document policy in line with the approved IALA strategy.

The Chairman opened the meeting and welcomed all members.

The Chairman welcomed Bjorn Pedersen who acted as facilitator for the workshop.

## 2 Review of Action Items from last meeting

Review of action Items from the previous meeting (PAP27-3.3) was postponed to PAP28, noting that all actions relating to the business of PAP27 were complete.

## 3 Review of Input papers

The list of input papers (PAP27-2 rev4) was noted; a copy is at ANNEX C.

## 4 Introduction – the strategic vision

Michael Card made a presentation on the IALA strategy approved at the 56<sup>th</sup> session of Council (PAP27-4.1.1.3). He noted that consideration should be given to copyright as out of date IALA documents are available through other web sites. As income from pay-for documents is small, consideration could be given to providing all IALA documents free.

## 5 Today - Assessment of the present

Phil Day made a presentation on the logic of today's document structure and categories of documents, including approval process – positive and negative points (PAP27-5.1.4). He suggested that manuals may not longer be needed as IT searchable media are now commonplace. However, it was agreed that some form of user guide(s) to IALA documents is needed. Combining existing documents as done for E200 is a possible way forward while manuals have proven useful for WWA capacity building. In addition to the Recommendations and Guildelines, Standards should be produced and this is within the scope of IALA under the present constitution. Renumbering in a more logical sequence without parent Committee is also desirable. A more collaborative method of producing the Navguide is needed as the present process exceeds available ARM resources.

Omar Frits Eriksson made a presentation on the IALA Wiki policy, using the about page of the on-line IALA Wiki ([http://www.iala-aism.org/wiki/ialawiki/index.php/IALA\\_Wiki>About](http://www.iala-aism.org/wiki/ialawiki/index.php/IALA_Wiki>About)) to illustrate his points (PAP27-5.2.1). It was noted that the Wiki leaks controversy has resulted in some administrations denying employees access to Wiki sites. Similar limitations are imposed in relation to Dropbox. It has been found necessary to limit access to registered users only because of attach by hackers.

Michael Skov made a presentation on the IALA LinkdIn (PAP27-5.3.1). The site currently has 1000 members. There is an ongoing need for monitoring by the Moderator to control content. IALA LinkdIn is not an IALA verified source of information although use of the IALA logo may suggest otherwise. As with the Wiki and Dropbox, some administrations deny access to LinkdIn.

Seamus Doyle made a presentation on IALA document statistics and numbers – what facts do we have? (PAP27-5.4.1.5). It was noted that the VTS training of personnel manual should be withdrawn. It was also noted that categorisation of VTS documents on the web site needs review.

Bjorn Pedersen made a presentation on the users/customers views - who are they? who uses what? What are their capacities (technical, language) (PAP27-5.5.1). It was noted that many users consider the Navguide as the bible and find the process of “buying” free documents on the web site frustrating. A view has been expressed that, while quantity of documents has increased, quality has decreased and that Committees could coordinate better.

### *Action*

*The Secretariat is requested to withdraw the VTS training of personnel manual.*

*The Secretariat is requested to withdraw Recommendation E122.*

*The Secretariat is requested to withdraw Guidelines for the Design of Leading Lines 2001.*

*The Secretariat is requested to review the categorisation of VTS documents on the web site.*

## 6 The future

Through a series of exercises the following was completed:

- A review and categorisation of existing Recommendations, Guidelines with a view to identifying their relevance today;
- A proposal for a new IALA document structure;
- Mapping of the proposed IALA document structure to the IALA strategy to test compliance;
- Definition of IALA document types (Working Paper PAP27-9.1) (M Card to complete);
- A review of existing IALA documents to define action required to comply with the proposed IALA document strategy;
- A list of anticipated IALA Standards from Committees (ENAV 2, ARM 3, ENG 4, VTS 1 (3 future) (Working paper PAP27-9.2);
- An implementation plan.

### Action

*Michael Card is requested to prepare a draft IALA document policy and forward to the PAP for comment.*

*Michael Card is requested to complete the definition of IALA document types from Working Paper PAP27-9.1.*

*Committee Chairs/ Vice Chairs are requested to review existing documents inter-sessionally with a view to re-organising them into a new pyramid structure of standard/recommendation/guideline if Council approval is obtained.*

## 7 Delivery strategy

It was agreed that an IALA document policy to comply with the approved IALA document policy will be submitted to Council in September 2014.

The IALA document policy will include normative standards. A hierarchical pyramid structure of Standards, Recommendations, and Guidelines was considered necessary..

Assuming Council approval in September, Committee Chairs / Vice Chairs will implement the new IALA strategy and document policy from the first meetings of the 2014-2018 work term.

### Action

*The Secretariat is requested to forward the completed IALA document policy to Council for approval.*

*Committee Chairs / Vice Chairs are requested to implement the new IALA strategy and document policy from the first meetings of the 2014-2018 work term, if Council approval is obtained.*

*Committee Chairs/ Vice Chairs are requested to write to their Committees explaining the new strategy and plan, after approval is obtained from Council.*

*The Secretariat is requested to define templates for the product documents in the new product policy, with the assistance of an external contractor where necessary.*

## 8 Any other business

No other business was conducted.

## 9 Date and time of the next meeting

It was agreed that a further extraordinary meetings of the IALA Policy Advisory Panel to complete the IALA document policy may be required at date to be advised.

### Action

Report of the Policy Advisory Panel

*The Secretariat was requested to arrange further extraordinary meeting of the PAP as required to complete the IALA document policy. This may be a meeting using GoToMeeting.*

*The Secretariat is requested to arrange the next full meeting of the IALA Policy Advisory Panel in September 2014.*

There being no further business, the Deputy Secretary-General thanked the Panel members for their participation and contributions and wished those leaving a safe journey home.

*Action*

*The Secretariat is requested to forward the report of PAP27 (PAP27-9) to the IALA Council, to note.*
