## Revision of IALA Standards

### 1. BACKGROUND

According to the decision of the Council on the postponement of the 20th IALA Conference from 2022 to 2023 (IALA Circular Letter 14/2021), the revision plan of the IALA Standards by the general assembly has been deferred.

It gives another chance to the committee to review the draft standards reflecting the recent updates and changes of the technical topic areas.

The secretariat will collect all the feedback from the LAP to finalise the draft standards edition 2.0 for council approval in due course.
