## Report of the 41<sup>th</sup> Session of the IALA Vessel Traffic Services (VTS) Committee

### 1. INTRODUCTION

The 41<sup>th</sup> meeting of the VTS Committee was held from 7 to 11 March 2016 at IALA with Tuncay Çehreli as Chair and Neil Trainor as Vice Chair. The Secretary for the meeting was Wim van der Heijden.

77 members from 26 countries and 3 sister organisations participated in VTS41; 4 for the first time. There was 1 observer.

The Chairman opened the meeting by welcoming all participants to VTS41 and introduced Mr. Francis Zachariae, the Secretary-General of IALA. The SG welcomed the members for of the VTS Committee.

He informed that IALA is on schedule with its transition from Non-Governmental Organisation (NGO) to Inter-Governmental Organisation (IGO). The draft Convention text has been approved by Council.

He reported that the VTS Symposium after Kuala Lumpur will be organised in Rotterdam by the Netherlands and that the proposal includes a combined symposium of VTS and ENAV.

The Dean of the WWA, Jean-Charles Leclair, will leave for retirement end of August 2016.

The World VTS Guide is closing down by 1 July 2016.

### 1.1 Administrative announcements

The Administration and safety briefing has been replaced by a “General Information for Participants” leaflet. Each session it will be available in the input documents section on the IALA web-site. Delegates coming for the first time will receive a paper copy as well. All participants are requested to read this document carefully because it contains important safety information. Also the IT services during the meetings are described. Additional information is included like lunch facilities and access options.

### 1.2 Approval of the agenda

The agenda was reviewed and adopted (VTS41-1.2).

### 1.3 Introductions and apologies

The Chair welcomed the new members of the Committee. There were no apologies received.

### 1.4 Programme for the week

The Chairman explained the programme for the week (VTS41-1.4) which was adopted.

## 2. REVIEW OF ACTION ITEMS FROM VTS40

Input paper VTS41-2.1 refers.

### 2.1 Action Items – IALA Secretariat

It was noted that all IALA Secretariat actions from VTS40 had been completed.

### 2.2 Action Items – VTS Committee Members

1. Action item 27 (IALA Dictionary new input). One input paper was received which should be approved by the Committee after conversion to the new template.
2. Action item 29 (Incident / accident / near-miss reporting). No input was received.
3. Action item 30 (NAS questionnaire). Four inputs were received. Further input is requested.

#### Action item

**Committee Members** are kindly asked to download the questionnaire (VTS40-12.2.5) from the VTS section of the IALA web-site to fill in and send the completed questionnaire on collecting NAS to Malin Dreijer ([malin.dreijer@kystverket.no](mailto:malin.dreijer@kystverket.no)) in advance of VTS41.

4. Action item 31 (effective communication). No inputs were received. It will be a standing action for the next meeting see chapter 8.5.

5. Action item 33 (V-103). Several comments were received. They will be incorporated during VTS41 with the intention to complete the documents.
6. Action item 35 (MSC submission). A break-out group will be formed to complete the document.

It was noted that all other actions had been completed.

### 3. REVIEW OF INPUT PAPERS

The list of input papers is automatically generated by the IALA web site when downloading one or more documents. Input papers are numbered in line with the agenda.

The input papers were reviewed and appointed to the working groups with the following remarks:

- VTS41-3.2 It was remarked to stay as close as possible to the existing pictograms.
- VTS41-3.3 and VTS41-3.4 are related documents. It might be possible that new versions will be available as result of the recently VDES workshop.
- VTS41-3.11 C61 has made a change in the document. A small working group (Chair, Vice-Chair and Chair WG1) will amend VTS Strategy paper which should be submitted to Council for approval. Also a revised unplanned submission to IMO document will be drafted.
- Finalisation of the VTS Manual has the highest priority and should be completed.
- VTS41-8.4.1 will stay on hold till IMO decision.
- VTS41-8.4.2 and VTS41-8.4.3 will be stored as future work, (work programme 2018-2022).
- VTS41-8.5.3 2 French and 2 Spanish translators are asked to support the IALA Dictionary in these languages. Nicolas Maire will do this for the French language, Carlos Fernandez Salinas for Spanish.

### 4. REPORTS FROM OTHER BODIES

#### 4.1 IALA Council

The Committee noted the following Council report:

- 61<sup>th</sup> Session, Dakar, Senegal, 8-11 December 2015, paper VTS41-4.1.1 refers.

The Chair informed briefly about the report and the VTS related issues.

#### 4.2 IALA Policy Advisory Panel

The Committee noted the PAP30 report, paper VTS41-4.2.1 refers. The Chair briefly introduce to report and VTS related matters

### 5. REPORTS FROM RAPPORTEURS

#### 5.1 Usage of the VTS Guide

Rapporteur: Paul Owen

It is decided to close the VTS Guide from 1 July 2016. The rapporteur stated that the information should be saved. Barry Goldman and the Chair thanked the rapporteur for the excellent job during several years. An info paper to IMO should be drafted to inform the organisation on the situation.

#### 5.2 IALA Dictionary

Rapporteur: Cees Stedehouder

A new list of definitions and abbreviations was drafted as outcome of Guideline 1111. It was remarked that PAP has established a new working group for the IALA Dictionary (DWG). All new input should be delivered in the format as given in VTS41-8.5.2. It was requested to transit the new input from VTS41-8.5.1 in the new format.

### 5.3 Liaison with IALA WWA

Rapporteur: Kevin Gregory

Recent VTS related activities of the WWA were highlighted.

### 5.4 Liaison with ENAV Committee

There is still no rapporteur to inform the Committee on VTS related issues of the ENAV Committee.

The Chair informed that a new joint working group between VTS and ENAV is established.

### 5.5 IALA Bulletin

Rapporteur: Neil Trainor

There was nothing to report on the IALA Bulletin

Aline deBievre will do editorial work for IALA Bulletin in the future and will take care of the Committee reports for the Bulletin.

The following reporting actions are no longer needed:

- Usage of the VTS Guide: VTS Guide will be closed
- Liaison with the ENAV Committee: there is a new joint VTS – ENAV Working Group
- IALA Bulletin: there is anew editor for the IALA Bulletin

It was decided to remove these three items from the agenda.

## 6. PRESENTATIONS

### 6.1 Update IALA activities

The presentation was made by Michael Card. The following items were presented:

From the Council:

- Strategy Group will be chaired by Germany, the US will be vice-chair
- The 7 top level Standards as proposed by PAP are accepted in principle following the Strategic Vision
- Terms of Reference for PAP are approved
- A workshop in Korea on AIS AtoN was supported
- Approval of forum on arctic navigation
- Participation in Resilient PNT forum, managed by Nick Ward.

PAP30:

- IALA Net will be discontinued. Activities will go to a new WG in the ARM Committee
- Heritage forum will go to sleep.

IALA joined several meetings at IMO.

Mike Hadley will assist to convert IALA documents to the new branding.

IALA Secretariat will bring Recommendations and Guidelines under the new Standards.

Information on workshops as e-navigation under way and VDES.

## 6.2 IALA World-Wide Academy (WWA)

Paper VTS41-6.1 (presentation) refers.

The presentation was made by Gerardine Delanoye.

The presentation covered an overview of the VTS related activities of the WWA in 2015 and the planned activities in 2016.

## 6.3 VTS42 and VTS2016 Kuala Lumpur

Paper VTS41-6.2 and VTS41-6.3 (presentations) refers.

Mahamad Halim Ahmed gave two presentations. The first one informed about the VTS42 Committee meeting and the venue.

The second presentation informed about the current status of the VTS2016 Symposium. Both events will take place in Kuala Lumpur, Malaysia. The registration procedure was explained.

## 6.4 Audio technologies for maritime applications

Paper VTS41-6.4 (presentation) refers.

Jens Appell from the Fraunhofer Institute in Germany gave an interesting presentation on audio technologies to improve the sound quality of voice communication on the VHF maritime mobile band. It helps in noisy environment for a better understanding of the communication to avoid miscommunication.

The Chairman thanked all speakers for the presentations which are available on the VTS41 page in the Committee section of the IALA web-site.

## 7. ESTABLISH WORKING GROUPS

The Chair informed that Rene Hogendoorn after many years of leading WG2 was withdraw as Chair of the working group. Robert Townsend, the previous Vice-chair took over the chair and Richard Aase is the new vice-chair of WG2.

The Chairman outlined the procedure to be followed by working groups, including the associated paperwork, after which three working groups and one break-out group on the update approach of IMO Resolution A.857(20) were established and their tasks outlined. A list of working group participants is at Annex C.

Working Group (WG)	Working Group Chairman / Vice Chairman
WG1 – Operations	Monica Sundklev (Chair) Jørgen Brandt Tom Southall
WG2 – Technology	Robert Townsend (Chair) Richard Aase
WG3 – VTS Training	Kevin Gregory (Chair) Lilian Biber-Klever
WG1 Break-out group	Neil Trainor

## 8. WORKING GROUP 1 – TD#1 - OPERATIONS (WG1)

26 participants were involved in working with the tasks of WG 1, of which 8 were at IALA for the first time. Three subgroups, beside the VTS Manual editorial group and the break-out group, were created to consider the tasks, as follows:

### 8.1 Task 1.1.2 Update the VTS Manual

Work continued on the final revision of the VTS Manual for publication in 2016.

Minor corrections and updates to the text were made.

#### *Action item:*

*The **Committee Secretary** is requested to forward the VTS Manual 2016 (VTS41-12.1.7) to Council for approval.*

### 8.2 Task 1.1.3 Produce a Guideline on marine casualty / incident reporting and recording, including near miss situation as it relates to VTS

The sub-WG had a fruitful meeting and finalized a draft of a Guideline on Marine casualty / incident reporting and recording, including near miss situations as it relates to VTS.

An additional annex was incorporated as an example of a covering letter for a near-miss/incident/ casualty VTS report.

Committee Members are requested to thoroughly review the draft of the document for final approval at VTS42.

#### *Action items:*

*The **Committee Secretary** is requested to forward the draft Guideline on Marine casualty / incident reporting and recording, including near miss situations as it relates to VTS as WP to VTS42 (VTS41-12.2.8 draft\_guideline\_incident\_accident\_reporting).*

***Committee members** are requested to review the draft Guideline on Marine casualty / incident reporting and recording, including near miss situations as it relates to VTS and send any comments no later than 30 June 2016 to the vice-chair of WG1 Jørgen Brandt [soe-vtss100@mil.dk].*

### 8.3 Task 1.1.4 Produce a Guideline on Maritime Service Portfolios for VTS

Work continued on the identification of VTS elements suitable for e-Navigation. On the request of the e-Navigation committee, the most recent template in the associated paper ENAV17-14.1.8.2 was populated with the appropriate VTS information for MSP1 (INS). Work was started on MSP2 (NAS). The chair from the MSP e-Navigation working group was invited to clarify information.

#### *Action items:*

*The **Committee Secretary** is requested to forward the revised template with VTS information (VTS41-12.2.9 REVISED MSP1 and MSP2 annex\_to\_liasion\_note\_to\_vts\_committee), as a working document to VTS42.*

*The **Committee Secretary** is requested to forward the original template with VTS information (VTS41-12.2.10 MSP-work\_sheet), as a working document to VTS42.*

### 8.4 Task 1.1.6 Produce a Guideline on Measures to Evaluate the Effectiveness of a VTS

Input paper VTS41-8.1.7 and VTS41-8.1.8 were noted. Work on this task was postponed to VTS42.

#### *Action items:*

*The **Committee Secretary** is requested to forward VTS41-12.2.11 (VTS41-8.1.7) and VTS41-12.2.12 (VTS41-8.1.8) to VTS42.*

## 8.5 Task 1.3.1 Produce a Recommendation / Guideline on VTS Communications

The VTS Communications sub-working group had a successful meeting. Positive progress was made with an initial draft and will continue at VTS 42.

Committee members are requested to supply input of any relevant guidance, advice or documentation they provide to VTS personnel for effective voice communication to be sent to Thomas Southall. This documentation does not necessarily have to be in English.

The sub-working group also prepared a liaison note to Council regarding the upcoming workshop on VTS Communications.

### *Action items:*

*The **Committee Secretary** is requested to forward the working document on VTS Communication (VTS41-12.2.13 draft\_guideline\_on\_vts\_communications) to VTS 42 for further review and consideration.*

*The **Committee Secretary** is requested to forward the liaison note on the upcoming workshop on VTS Communication (VTS41-12.1.6) to Council for approval.*

***Committee members** are requested to send any relevant guidance, advice or documentation on effective communication to Thomas Southall (Tom.Southall@pla.co.uk), it does not necessarily have to be in English.*

## 8.6 Task 1.4.2 Review/Update/Provide input to IMO on Resolution A.857(20) Guidelines for VTS

A small drafting group led by the Vice Chairman of the VTS Committee was established to develop a draft unplanned output proposal for IMO and commence task 1.4.2 - Review/update/provide input to IMO on Resolution A.857(20) - Guidelines for VTS.

A short working paper on the proposed approach was drafted and circulated to Committee members. This working paper set out high-level considerations on potential amendments, changes or additions to the existing Resolution for agreement and comment by members of the VTS Committee, which can then be taken forward by WG1 in a more detailed textual review of the document. To address the weakness relating to Types of Services identified in the VTS Strategy paper, it has been proposed that INS, TOS and NAS should not, in future, be separate services but that all the related functions be transposed into a range of tasks that may be required to achieve the objectives of a VTS.

Recognising that this specific issue represents a relatively significant change, VTS Committee members have been invited to consider the working paper on the proposed approach inter-sessional and to provide comment for VTS 42. Work on the development of a proposed submission for IMO Resolution A.857(20) to be updated as an unplanned output will be included in task 1.4.2 but will need to draw on the compelling needs identified in the process of updating the existing document.

### *Action Items*

***Committee members** are requested to review the working paper VTS41-12.2.2 and provide any comment to Committee vice-chair Neil Trainor [neil.trainor@amsa.gov.au] by 30 June 2016.*

***The Committee Secretary** is requested to forward Working Paper VTS41.12.2.2 to VTS 42.*

## 8.7 Task 1.4.3 Develop and conduct a global VTS Questionnaire

The updated application was well received and WG1 tested and evaluated the questions on the webpage where a few further minor enhancements identified which would:

- Provide greater clarity to the intent of the question, and
- Facilitate greater consistency in responses

It was agreed that these should be included in the application, where appropriate, prior to its release by IALA.

The Committee chair, vice chair and Working Group chairs and vice-chairs reviewed the draft framework for the report on the outcome from the questionnaire VTS41-12.1.2. It was agreed that the draft framework be forwarded to the Secretariat for IALA approval.

Members agreed that the Questionnaire should be closed for further submissions no later than 30 June 2016 to allow the analyses required to populate the Questionnaire Report for IALA's approval and release at the VTS Symposium.

WG1 evaluated and tested the amended VTS Questionnaire webpage and provided comments to the Committee vice chair.

#### *Action items*

*The **Committee Secretary** is requested to forward the draft framework for the report on the outcome from the questionnaire (VTS41-12.1.2) for approval by IALA SG and DSG.*

*The **Secretariat** is requested to release the Questionnaire on their website no later than 25 March and to inform members about the Questionnaire on the IALA website.*

### **8.8 Task 1.4.4 Produce a Guideline on preparing for Zero Accident Campaign**

No progress were made on this task, as it was decided at VTS40 to put the task on hold until IALA had contacted IMO for further guidance on this issue.

#### *Action item:*

*The **Committee Secretary** is requested to store the working document on draft Guideline Zero Accidents Campaign (VTS41-8.4.1) till IMO decision.*

#### **Miscellaneous**

### **8.9 VTS41-8.5.1/3 IALA Dictionary update**

WG1 considered input paper VTS41-8.5.1 on acronyms and definitions from Guideline 1111 to be included in the IALA Dictionary. WG1 separated the definitions and acronyms into two documents in the format as described in VTS41-8.5.2. Both documents then contained definitions which need further review by WG1. It was decided to forward all clear definitions to the Dictionary Working Group (DWG) for inclusion to the IALA Dictionary and to forward remaining definitions to VTS42.

VTS41-8.5.3 WG1 did not consider this late input paper.

#### *Action item:*

*The **Committee Secretary** is requested to forward the approved updates of the IALA Dictionary (VTS41-12.1.3 and VTS41-12.1.4) to the Dictionary Working Group for inclusion.*

*The **Committee Secretary** is requested to forward remaining updates of the IALA Dictionary (VTS41-12.2.16 and VTS41-12.2.17) as working documents to VTS42*

### **8.10 The closure of World VTS Guide**

WG1 prepared a liaison note to Council for the withdrawal of Recommendation V-136 On Participation in the World VTS Guide.

#### *Action items:*

*The **Committee Secretary** is requested to forward the liaison note VTS41-12.1.13 on the withdrawal of IALA Recommendation V136 to IALA Council for approval.*

### **8.11 VTS41-3.1 ACCSEAS Baseline and Priorities Report**

WG1 noted the information provided, in cooperation with WG2.

## 8.12 VDES papers

- VTS41-3.3 Draft Guidelines on User Requirements for VDES and
- VTS41-3.4 PNT relevant topics for the use of AIS/VDES

WG1, in cooperation with WG2, noted the information provided from ENAV Committee. This information will be taken into consideration during VTS42.

### Action item:

The **Committee Secretary** is requested to forward VTS41-12.2.14 (VTS41-3.3) and VTS41-12.2.15 (VTS41-3.4) to VTS42.

## 8.13 VTS41-3.12 Liaison note on joint meeting with ENAV Committee

WG1 noted and agreed to the proposal, in cooperation with WG2. The timing may be discussed, but Friday is preferred by WG1.

## 8.14 Task Register

WG1 updated the Task Register regarding WG1 tasks.

- Review VTS41.3.7 Liaison Note from eNAV
- Review & comment on VTS41.3.8 entitled: Would an international standard for machine-to-machine (M2M) interfaces benefit IALA National Members?

Note that tasks which commence “Review & Note” will have a formal response submitted by WG1 (Operations).

After presenting the tasks for the week the entire group initially worked on VTS41-9.2.2 IALA Guideline 1111 (Operational Requirement Aspects) before splitting into sub-groups for the remainder of the week.

## 9.1 Task 2.1.1 produce a Recommendation on Portrayal of VTS Information and Data

The Group made significant progress using the output of the Bremen Workshop (May 2013) as a driver to scope out and create a structure for this new Recommendation. This task is scheduled for completion at VTS44. The output is a working document which should be referred to VTS42 as an input paper.

#### Action Item

The **Committee Secretary** is requested to forward the working document VTS41-12.2.5 to VTS42.

#### 9.2 Task 2.2.1 produce a Guideline on Acceptance of VTS System

The Group discussed this task at length together with Input Paper VTS41.9.2.1 and came to the conclusion that rather than create a new (and very short) Guideline, given that there is a substantial section related to this subject in the recently published Guideline 1111 (Chap 13 Verification & Validation) it would be advisable to consider including this task with a future review of Guideline 1111.

#### Action Item

The **Committee Secretary** is requested to forward the Input paper VTS41.9.2.1 to VTS 42 for further discussion (VTS41-12.6).

#### 9.3 Task 2.3.1. produce a Guideline on the technical interface between VTS systems and the systems of other stakeholders

The Group discussed this task and commenced producing a scope and structure however existing IALA publications came to light during research and these were reviewed to determine if these documents needed updating or integrating or whether an additional Guideline is actually required.

Guideline 1086 Global Sharing of Maritime Data  
Guideline 1102 VTS Interaction with Allied Services

After much discussion we have concluded that rather than create a brand new Guideline, instead we use 1102 as a base and update this document together with appropriate content of 1086 to produce an updated version of 1102 and then, if appropriate, cease 1086.

Work on this task will continue at VTS42. The task is planned for completion in VTS43 but likely to continue to VTS44.

#### Action Item

The **Committee Secretary** is requested to forward the working document VTS41-12.2.7 to VTS42.

#### 9.4 Review input paper VTS41.9.2.2 IALA Guideline 1111 – Operational Requirement

The Group reviewed the input paper and produced an appropriate response to IHMA. The input paper will be held until a review of Guideline 1111 takes place.

#### Action Item

The **Committee Secretary** is requested to forward the response on V-108 and Guideline 1111 (VTS41-12.1.11) to IHMA.

The **Committee Secretary** is requested to forward the liaison note on the withdrawal of Guideline 1056 (VTS41-12.1.9) to Council for approval.

#### 9.5 Review VTS Manual Edition 6 Rev 9

The Group reviewed appropriate chapters of this document and provided feedback and comments to Paul Owen as requested by cop on Tue 8<sup>th</sup> March 2016.

#### 9.6 Test the VTS Questionnaire

The Group tested the functionality of the Questionnaire and provided feedback to Neil Trainor on Wed 9<sup>th</sup> March 2016.

## 9.7 Review VTS41.3.7 and VTS41.3.8 Liaison from ENAV entitled “Would an international standard for machine-to-machine (M2M) interfaces benefit IALA National Members?”

The Group discussed these papers and provided a response to the original liaison note.

### Action Item

*The **Committee Secretary** is requested to forward the output document on M2M interfaces (VTS41-12.1.10) to ENAV.*

### Final Remarks

The Chair and Vice Chair would like to thank all members of the Technical WG for their excellent collaboration during the course of the week and for the proactive efforts and discussions that took place.

The Chair thanked Rene Hogendoorn for his excellent work as WG Chair for several years.

## 10. WORKING GROUP 3 – TD#3 – VTS TRAINING (WG3)

### Qualification, training, and certification of VTS personnel

#### 10.1 Task 3.1.1 – Develop a Model Course on the Revalidation process for VTS Qualification and Certification

The Working Group finalised the drafting of IALA Model Course V-103/5. Work continued to progress with respect to the necessary enabling revisions to IALA Recommendation V-103. Additional minor revisions to IALA Recommendation V-103 are also being proposed to take account of changes made in other IALA documentation related to VTS training, specifically IALA Guidelines 1014 and 1103.

In the finalisation of IALA Model Course V-103/5 and in the preparation of the necessary enabling revisions to IALA Recommendation V-103 the Working Group considered the input papers provided by AMSA with thanks. The comments received from members of Working Group 3 inter-sessional were also considered.

With the implementation of IALA Model Course V-103/5, other IALA documentation related to the provision of VTS training may require further review. Specifically, this relates to IALA Recommendation V-103 and the following guidelines:

- IALA Guideline 1017 on the assessment of training requirements for existing VTS personnel, candidate VTS operators, revalidation of VTS operator certificates.
- IALA Guideline 1014 on the accreditation and approval process for VTS training.
- IALA Guideline 1101 on auditing and assessing VTS.
- IALA Guideline 1027 on simulation in VTS training.
- IALA Guideline 1103 on train the trainer.

A new proposed task for the VTS Work Programme will added to review and update related documents.

### Action items

*The **Committee Secretary** is requested to forward output document on IALA Model Course V-103/5 (VTS41-12.1.5 to Council for approval.*

*The **Committee Secretary** is requested to forward the liaison note on IALA Model Course V-103/5 (VTS41-12.1.8) to Council for approval.*

*The **Committee Secretary** is requested to forward the liaison note for a new task on review and update V-103/5 related documents (VTS41-12.1.15) to Council for approval.*

*The **Committee Secretary** is requested to forward working document VTS41-12.2.1 as input to VTS42.*

***Members of Working Group 3** are requested to review IALA Guideline 1017 with a view to determining its continued applicability in the light of the evolution of other IALA documents related to VTS training.*

## 10.2 Task 3.1.2 Produce a VTS Training Manual to complement the V-103 and its model courses

The Working Group concluded the review of the IALA VTS Manual. The VTS Training Manual was not progressed during VTS41.

### Action item

**Members of Working Group 3** are requested to consider the requirements, scope and possible content of the VTS training manual.

## 10.3 Input paper VTS41-10.5.1

The Working Group supported the input paper concerning VTS Manager training. The Working Group is in the process of formulating a proposal for the 2018 to 2022 work programme.

### Action item

The **Committee Secretary** is requested to store working document VTS41-10.5.1 as a subject that should be considered for inclusion in the 2018 to 2022 work programme.

## 10.4 Input paper VTS41-10.5.5

In the review of IALA Recommendation V-103 minor modifications were made to the requirements for the provision of VTS certification. Further work on this area is recommended and consideration may be given to the inclusion of this subject on the 2018 to 2022 work programme.

### Action item

The **Committee Secretary** is requested to store working document VTS41-10.5.5 as a subject that should be considered for inclusion in the 2018 to 2022 work programme.

## Human Factors and Ergonomics

### 10.5 Task 3.3.1 Develop guidance on Human Factors and Ergonomics in VTS

The Working Group noted the paper submitted by AMSA with thanks and will consider it further when work commences on this work programme item at VTS42

### Action item

The **Committee Secretary** is requested to forward the report on the IALA Workshop on Human Factors and Ergonomics in VTS to VTS42 for consideration (VTS41-12.2.4).

The **Committee Secretary** is requested to forward working document VTS41-12.2.3 (VTS41-10.3.1) as input for VTS42.

## VTS awareness for navigating officers

### 10.6 Task 3.4.1 Develop a Guideline on VTS Awareness for Navigating Officers

This task was not commenced at VTS41 and is provisionally programmed for consideration at VTS42, VTS43 and VTS44. The provision of this Guideline will also have an impact on the existing IALA brochure concerning what mariners can expect from a VTS.

## 11. REVIEW OF CURRENT WORK PROGRAMME (2014 – 2018)

Input paper VTS41-11.1 and VTS41-11.2 refers.

The current Work Programme Task Register was reviewed and updated during the meeting. The updated version will be available as VTS41-11.3 on the VTS41 section of the IALA web.
