

IALA COUNCIL
63rd session**13-16 December 2016**
IALA Headquarters**14 – IALA CONFERENCES AND SYMPOSIA*****14.3 – 2022 IALA Conference***

Note by the Secretariat

1. BACKGROUND

At its sessions 61 and 62 the Council was made aware that no invitations had been received for the 2022 IALA Conference, the venue of which had to be decided during the 2018 Conference at the latest.

Councillors were invited to consider this and issue invitations as they think appropriate, taking into account the fact that a balance between continents was desirable. Invitations were to be received by the Secretary-General by 1st November 2016.

2. INVITATIONS RECEIVED

Two invitations were by the Secretary-General from:

- Marinha do Brazil (input paper C63-14.3.1)
- Secretario de Estado de Defesa Nacional of Portugal (input paper C63-14.3.2).

In order to achieve the desirable balance between continents the Secretary-General recommends Council to favourably consider the invitation received from Brazil, bearing in mind that South America never hosted an IALA Conference.

3. THE COUNCIL IS REQUESTED TO

Note the recommendation by the Secretary-general.
