LIAISON NOTE

Propose name change of Task 1.1.6 of VTS Work Programme 2014-2018

1 INTRODUCTION

The VTS Committee was tasked to produce a Guideline on Measures to evaluate the Effectiveness of a VTS (Task 1.1.6) as part of its 2014-2018 Work Programme.

2 DISCUSSION

When developing Task 1.1.6, the VTS Committee discussed the title of the task and it has been noted that there are several interpretations of what effectiveness means and how this may be measured.

In order to make the task as well as the guideline clearer the Committee therefore suggests changing the title of the task from "Producing a Guideline on Measures to evaluate the Effectiveness of a VTS" to "Producing a Guideline for setting and achieving VTS objectives".

3 ACTION REQUESTED

The IALA Council is requested to **approve** the Committee's request to change the title of the Task 1.1.6 to "Producing a Guideline for setting and achieving VTS objectives".
