## **7– NATIONAL MATTERS**

Note by Sweden/the Swedish Maritime Administration

### **INFORMATION**

Swedish regulations on VTS are being revised due to the new IMO resolution A.1158(32) Guidelines for Vessel Traffic Services which was adopted on 15 December 2021.

The Swedish Maritime Administration and the Swedish Transport Agency are carrying out a project together with the Swedish Armed Forces. The project aims to apply virtual AtoN as warning and information in connection with shooting exercises in Swedish waters. The project applies IALA's guidelines and recommendations for virtual AtoNs.
