Mr. Torsten Kruise  
Secretary-General  
International Association of Marine Aids  
to Navigation and Lighthouse Authorities  
20 ter, rue Schnapper  
78100 Saint Germain en Laye  
France

Dear Mr. Kruise,

I wish to refer to your letter dated 7 April 2008, reference Com/ANM11/08-199, conveying an invitation to the next meeting of the Aids to Navigation Management (ANM) Committee, which will be held in Saint Germain en Laye, France, commencing on 14 April 2008.

I greatly regret that other commitments do not make it possible for the International Civil Aviation Organization to be represented at the meeting. However, we would be grateful if you would send us, by the end of April 2008, your comments on the proposed Standards and Recommended Practices (SARPs) on visual aids for denoting wind turbines.

Yours sincerely,

  
Taïeb Chérif  
Secretary General
