

## Addendum - Paper LAPE2.6 Changes to the IALA Constitution

Following further consideration of the French legal advice, participants are asked to replace the draft text of Article 13 in the published paper with the text below:

### Article 13. **Duration and termination**

The duration of IALA is unlimited.

Except as noted below, the termination of IALA can be decided upon under the same conditions as required for the alterations to the constitution. On termination, the Council is responsible for the winding up of IALA and distribution of assets to charitable or technical organisations connected with marine aids to navigation.

In the event of IALA being constituted as an international organisation based on an international agreement Council must arrange winding up of IALA and the formal transfer of ownership of all assets and liabilities will, at that date, be formally transferred free of charge and without reservation into the possession of the organisation constituted according to the international agreement. This Constitution will terminate without further action when six months after the date on which the international agreement enters into force, when the formalities for termination required by French law commenced by Council are complete.

*Deleted from Article 6 – seat*

*Inserted to allow for the automatic cessation and transfer of assets upon entry into force of the international agreement.*
